*Certified Organic Ingredients

BeautyStrips™ Serum Usage Instructions

1. Cleanse and wipe face with a clean, damp washcloth.
2. Apply a pea-sized amount of serum to face and neck.

For optimal benefits, use serum morning and night. Apply before bed if only using once daily. If you tend to have dry skin, additional moisturizers can be applied after using the serum. If you currently suffer from any skin condition, consult with your dermatologist or licensed healthcare professional before use. Store in a cool, dry place, out of reach of small children. Avoid extreme temperatures and direct sunlight.
